# Community housing is an affordable housing option for people on low to moderate incomes.

BeyondHousing offers well maintained properties located throughout the Ovens Murray and Goulburn areas. We aim to house people in properties that suit their needs and we work with many other community organisations to encourage sustainable, long-term tenancies.

## How it works:

- Rent in community housing depends on your total household income
- Generally, tenants will not pay more than 30% of total household income on rent
- Successful applicants must be eligible for Commonwealth Rent Assistance and/or public housing in Victoria
- Applications can be completed online at [www.dhhs.vic.gov.au](http://www.dhhs.vic.gov.au) or your local DHHS office

Applications for community housing are held with the Department of Human Services (DHHS) which manages the Victorian Housing Register.

When a suitable vacancy becomes available we will invite people looking to live in the area to be considered for allocation.

BeyondHousing is committed to working towards increasing the supply of affordable housing options in our region to meet the ever increasing demand.

For more information about community housing you can contact your nearest BeyondHousing office or email [info@beyondhousing.org.au](mailto:info@beyondhousing.org.au)

BeyondHousing respects your privacy, your dignity and your culture. We are a Child Safe organisation and all offices are disability accessible. Interpreter services are also available. All services are free of charge.
